Principal Letter

Dear Parents,

The State of Louisiana released school performance scores last month and Highland was recognized as a "Top Gains School" for the third year in a row. Our teachers, faculty, and students worked extremely hard last year to help our continual growth. Our goal is to continue to grow academically as a community and bring Highland to "A" school status. This goal will not come to fruition without the support of our parents, faculty, and students. Continue to read with your children nightly and motivate them. With your support, I know we can continue to create a high achieving environment at Highland.

As always if you need anything, please don't hesitate to contact me at jrobicheaux@ebschools.org.

I wish you all of the joy this festive season.

Educationally Yours,

Justin Robicheaux , Principal

We Need Your Help!!!!

Our school is currently undergoing an accreditation renewal. One of the components of this renewal is building on our strengths and improving on any weaknesses. We are asking for your feedback to help. Please complete the following survey by Dec. 16, 2019 at:
